

What You Need to Know...About Captive-bred Wildlife Registration under the U.S Endangered Species Act

The captive-bred wildlife registration system was implemented by the U.S. Fish and Wildlife Service to decrease Federal permit requirements for captive-born, exotic, endangered and threatened wildlife. Under the system, otherwise prohibited activities occur when the activities can be shown to enhance the propagation or survival of the affected species, provided the principal purpose is to facilitate captive breeding.

What Types of Wildlife Are Covered? Wildlife that meets the following criteria are eligible:

- Listed as endangered or threatened under the U.S. Endangered Species Act.
- Living specimens.
- Exotic to the United States (has no natural geographic distribution, including historical range, in the United States).
- Bred in captivity in the United States.

The following species are not eligible for a captive-bred wildlife registration since part of their natural distribution includes areas in the United States: jaguar, margay, ocelot, gray wolf, nene, and thick-billed parrot. An endangered or threatened species permit is required prior to each transaction with these species.

On a species-by-species basis, the Service may determine that particular species native to the United States are eligible for the registration. At the present time, the only native species that has been granted eligibility under the registration is the Laysan duck (*Anas laysanensis*).

What Activities Are Prohibited? Without a permit, it is unlawful for any person subject to the jurisdiction of the United States to commit, attempt to commit, solicit another to commit, or cause to be committed any of the following activities:

- Take (meaning to harm, harass, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or attempt to engage in any such conduct) within the United States and its territorial seas or upon the high seas.
- Deliver, receive, carry, transport or ship in interstate or foreign commerce in the course of a commercial activity.
- Sell or offer for sale in interstate or foreign commerce.
- Import or Export.
- Possess, ship, deliver, carry, transport, sell or receive unlawfully taken wildlife.

What Activities Are Authorized? The registration authorizes take for normal husbandry purposes and interstate commerce, PROVIDED the purpose of the take or commerce is to enhance the propagation or survival of the affected species. Take for normal husbandry covers activities including, but not limited to, drawing blood, collecting semen, culling and euthanasia, provided such activities are necessary to maintain a genetically viable, self-sustaining captive population of the affected species. Interstate commerce pertains to

the purchase and sale of the affected species among captive-bred wildlife registrants who are not residents of the same state and who are registered for the species involved.

What Are The Limitations?

- Activities involving non-living wildlife and their parts and products are not authorized under the registration. Authorized activities may be conducted only with living wildlife born and held in captivity in the United States.
- The registration may be issued when the applicant documents that his activities will serve to enhance propagation or survival of the endangered or threatened species, as defined in 50 CFR 17.3 (see below) and the principal purpose of the activities is to facilitate captive breeding.
- Authorized activities may be conducted only with other captive-bred wildlife registrants who are registered for the same species. If either the buyer or seller lacks a registration, then the buyer must obtain an endangered or threatened species interstate commerce permit prior to the sale.
- The registration may not be issued or used to sell protected species as pets or for hybridization of any listed species.

As outlined in 50 CFR 17.3, enhance the propagation or survival, when used in reference to wildlife in captivity, includes but is not limited to the following activities when it can be shown that such activities would not be detrimental to the survival of wild or captive populations of the affected species:

- (a) Provision of health care, management of populations by culling, contraception, euthanasia, grouping or handling of wildlife to control survivorship and reproduction, and similar normal practices of animal husbandry needed to maintain self-sustaining captive populations that possess as much genetic vitality as possible;
- (b) Accumulation and holding of living wildlife that is not immediately needed or suitable for propagative or scientific purposes, and the transfer of such wildlife between persons to relieve crowding or other problems hindering the propagation or survival of the captive population at the location from which the wildlife would be removed, and
- (c) Exhibition of living wildlife in a manner designed to educate the public about the ecological role and conservation needs of the affected species. Please note that as of January 26, 1994, registrations are not issued for conservation education only.

Where to Apply. To apply for the captive-bred wildlife registration, applicants must complete an application form and submit it and the \$25 processing fee to the Service's Office of Management Authority. (Consult the fee schedule to see if you are exempt from the processing fee.) Applicants should allow for a 60- to 90-day processing and review period.

For Further Information Contact: Office of Management Authority, U.S. Fish and Wildlife Service, 4401 N. Fairfax Drive, Room 700, Arlington, VA 22203, phone 703-358-2104 or 1-800-358-2104, fax 703-358-2281; internet <http://www.fws.gov/~9dia/index.html> (4/98)

Type of Activity:

CAPTIVE-BRED WILDLIFE REGISTRATION
(U.S. Endangered Species Act)

A. COMPLETE IF APPLYING AS AN INDIVIDUAL			
1. Name:			
2. Street address:			3. County:
4. City, State, Zip code:			
5. Date of birth:	6. Social Security No.:	7. Occupation:	
8. List any business, agency, organizational, or institutional affiliation associated with the wildlife to be covered by this license or permit:			
9. Home telephone number:	10. Work telephone number:	11. Fax number:	12. E:mail address:

B. COMPLETE IF APPLYING AS A BUSINESS, CORPORATION, PUBLIC AGENCY OR INSTITUTION			
1. Name of business, agency or institution:			2. Tax identification no.:
3. Street address:			4. County:
5. City, State, Zip code:			
6. Describe the type of business, agency, or institution:			
7. Name and title of person responsible for permit (president, principal officer, director, etc.):			
8. Home telephone number:	9. Work telephone number:	10. Fax number:	11. E:mail address:

C. ALL APPLICANTS COMPLETE	
1. Do you currently have or have you had any Federal Fish and Wildlife License or Permit? Yes <input type="checkbox"/> No <input type="checkbox"/> If yes, list license or permit numbers:	
2. Have you obtained any required state or foreign government approval to conduct the activity you propose? Yes <input type="checkbox"/> No <input type="checkbox"/> Not required <input type="checkbox"/> If yes, provide a copy of the license or permit.	
3. Enclose check or money order payable to the U.S. FISH AND WILDLIFE SERVICE in the amount of \$25. Institutions which qualify under 50 CFR 13.11(d)(3) may be exempt from fees.	
4. ATTACHMENTS: Complete the additional pages of this application. Application will not be considered complete without these pages. Incomplete applications may be returned.	
5. CERTIFICATION: I hereby certify that I have read and am familiar with the regulations contained in Title 50, Part 13, of the Code of Federal Regulations and the other applicable parts in subchapter B of Chapter I of Title 50, and I further certify that the information submitted in this application for a license or permit is complete and accurate to the best of my knowledge and belief. I understand that any false statement herein may subject me to the criminal penalties of 18 U.S.C. 1001.	
6. Signature (in ink) of applicant or person responsible for permit in Block A or B	7. Date:

D. CAPTIVE-BRED WILDLIFE REGISTRATION (U.S. *Endangered Species Act*)

Please provide the following information on a separate sheet of paper:

1. The complete scientific name (genus and species) and common name of each species you are seeking to have covered by the registration.
2. The exact location (address) where the wildlife requested in this application will be maintained. If more than one location, list all that apply. Note: You must report any change in address to the Office of Management Authority within 10 days.
3. The names and addresses of the persons or institutions from whom you plan to acquire the wildlife (must be registered).
4. A description of how your proposed activities are going to facilitate captive breeding of the species you identified in your response to #1, including your long-term goals and intended disposition of any progeny.
 - a. Provide documentation showing how your captive population is being managed to maintain its genetic vitality. For example, if you are participating in an organized breeding program or contributing data to a studbook, please indicate this and provide documentation describing the objectives and goals of the program.
 - b. If your activities include the holding of surplus wildlife, document how your acquisition of such wildlife will relieve crowding at the locations from which the wildlife will be obtained, and thereby assist the breeding program for the species involved. If applicable, you may provide documentation that you are a participant in a Species Survival Plan, contributing data to a studbook or participating in an organized breeding program for the species where the holding of surplus wildlife has been identified as a necessary objective of the breeding program.
5. For each requested species, a description of your experience in maintaining and propagating the requested species or similar species, including:
 - a. The number of years you have maintained the requested species or similar species.
 - b. The number of successful births/hatches (or approximate annual number if too numerous) of each requested species or similar species that occurred at your facility and how many survived beyond 30 days.
 - c. The number of mortalities of requested species or similar species which occurred at your facility during the past two years and measures taken to prevent future mortalities.
 - d. An inventory of the endangered or threatened species you currently possess including those out on loan.
6. If you conduct research directly related to maintaining and propagating the types of wildlife sought to be covered, a complete description of your research goals and methods as well as any related published papers you have written.
7. A detailed description (including size, construction materials, protection from the elements, etc.) **and** photographs or detailed diagrams (*no blueprints*) clearly depicting your existing facilities where the wildlife will be maintained.
8. A copy of your license or registration, if any, under the Animal Welfare Act regulations of the U.S. Department of Agriculture (9 CFR 2) and/or any State license or registration you may have.

PERMIT APPLICATION FORM INSTRUCTIONS

The following instructions pertain to the standard License/Permit Form 3-200 that must be completed as an application for a U.S. Fish and Wildlife Service permit. Please read the General Permit Procedures (50 CFR 13) sent with this package.

- * Complete all appropriate blocks/lines. Print clearly or type in the information. *A complete application prevents delays!*
- * Sign the application *in ink* and send an *original* to the address on the top of the application. Faxed copies will not be accepted.
- * Applications will be processed in the order they are received.

Most of the application form is self-explanatory, but the following provides some further assistance for completing the form.

COMPLETE EITHER BLOCK A OR BLOCK B:

- Block A. **"Complete if applying as an individual"** - Enter the complete name of the responsible party who will be the permittee if a permit is issued. Enter personal information that identifies the applicant. All blocks must be completed. If you are applying on behalf of a client, the personal information must pertain to the client. A notarized document stating power of attorney must be included with the application.
- Block B. **"Complete if applying as a business, corporation, public agency or institution"** - Enter the complete name and address of the business, agency or institution who will be the permittee if a permit is issued. Give a brief description of the type of business the applicant is engaged in, the name and phone number of the person in charge, and if the company is incorporated, the state in which it was incorporated.

ALL APPLICANTS COMPLETE BLOCK C:

- Block C.1 **"Do you currently have or have had any Federal Fish and Wildlife license or permits?"** - List the number of any FWS or CITES permits. If applying for a renewal, the original permit must be returned with this application.
- Block C.2 **"Have you obtained any required state or foreign government approval to conduct the activity you propose?"** - If the proposed activity is regulated, check the appropriate box. If "yes", list the State or foreign countries involved and type of document required. Include a copy of these documents with the application. If "no" indicate what steps you have taken to secure approval (use attachment if necessary). If the proposed activity is not regulated check "not required".
- Block C.3 **"Check or money order (if applicable)"** - There is a permit processing fee unless you are fee exempt. Consult the enclosed APPLICATION PROCESSING FEE SCHEDULE information. Make the check or money order payable to the **U.S. Fish and Wildlife Service** and attach it to the application form. If fee exempt, write "exempt" in this space.
- Block C.4 **"Attachments"** - Consult the fact sheet or regulation. Provide any required additional information outlined on the supplemental page(s) of the application form. Be as complete and descriptive as possible. If there is any doubt as to the information's relevance, include it with the application. An incomplete or unclear application may cause delays in processing.
- Block C.5 **"CERTIFICATION"** - The **individual applicant in Block A, the person named in Block B, or person with power of attorney must sign and date** the application in ink. This signature binds that person to the statement of certification. This means that you certify that you read and understood the regulations that apply to the permit. You also certify that everything included in the application is true to the best of your knowledge. Be sure to read the statement and re-read the application before signing.

Application for a Federal Fish and Wildlife License/Permit

PRIVACY ACT - NOTICE

In accordance with the Privacy Act of 1974 (5 U.S.C. 552a), please be advised that:

The gathering of information on fish and wildlife is authorized by: (a) Bald Eagle Protection Act (16 U.S.C. 663a); (b) Endangered Species Act of 1973 (16 U.S.C. 1539); (c) Migratory Bird Treaty Act (16 U.S.C. 703-711); (d) Marine Mammal Protection Act of 1972 (16 U.S.C. 1371-1383); (e) Wild Bird Conservation Act (16 U.S.C. 4901-4916); (f) Lacey Act (18 U.S.C. 42 & 44); and (g) Title 50, Part 13, of the Code of Federal Regulations.

Submission of requested information is required in order to process applications for licenses or permits authorized under the above acts. With the exception of your social security number, failure to provide all requested information will be sufficient cause for the U.S. Fish and Wildlife Service to deny a permit.

Applications for license or permits authorized under the Endangered Species Act of 1973 (16 U.S.C. 1539) and the Marine Mammal Protection Act of 1972 (16 U.S.C. 1371-1383) will be published in the **Federal Register** as required by the two acts.

In the event a violation of a statute, regulations, rule, order, or license, whether civil, criminal, or regulatory in nature is discovered during the application review process, the requested information may be transferred to the appropriate Federal, State, local, or foreign agency charged with investigating or prosecuting such violations.

In the event of litigation involving the records or the subject matter of the records, the requested information may be transferred to the U.S. Department of Justice or appropriate law enforcement authorities.

Information provided in the application may be disclosed to subject matter experts, and State and other Federal agencies, for the sole purpose of obtaining advice relevant to issuance of the permit.

For individuals, personal information such as home address and telephone number, financial data, and personal identifiers (social security number, birth date, etc.) will be removed prior to any release of the application.

FREEDOM OF INFORMATION ACT - NOTICE

For organizations, businesses, or individuals operating as a business (i.e., permittees not covered by the Privacy Act), we request that you identify any information that should be considered privileged and confidential business information to allow the Service to meet its responsibilities under FOIA. Confidential business information must be clearly marked "Business Confidential" at the top of the letter or page and each succeeding page, and must be accompanied by a nonconfidential summary of the confidential information. The nonconfidential summary and remaining documents may be made available to the public under FOIA [43 CFR 2.13(c)(4), 43 CFR 2.15(d)(1)(i)].

APPLICATION PROCESSING FEE

The fee to process a Captive-bred Wildlife Registration application is \$25.00. Checks should be made payable to "U.S. Fish and Wildlife Service". The fee applies to permit applications, renewals, and amendments. The processing fees shall not be refunded if the permit is issued or denied, or if the application is abandoned.

The fee schedule does not apply to any Federal, State, or local government agency or individual or institution under contract to such agency for the proposed activities. Until further notice, the fee will be waived for public institutions. As defined in CFR 10.12 - "*Public* as used in referring to museums, zoological parks, and scientific or educational institutions, refers to such as are open to the general public and are either established, maintained, and operated as a governmental service or are privately owned and organized, but not operated for a profit."

APPLICATION FOR FEDERAL FISH & WILDLIFE CAPTIVE-BRED WILDLIFE REGISTRATION

The Office of Management Authority, Fish and Wildlife Service, annually distributes a list of Captive-bred Wildlife (CBW) Registration permittees to all CBW registration holders. The list, also available to the public, facilitates the exchange of parental stock among registered breeders and includes permittees that operate as individuals as well as those that are business entities. For businesses, and other organizations, holding CBW registrations (including sole proprietorships), the list includes name, permit number, address and species of each permittee. However, the records for individuals holding CBW registrations are contained in a Privacy Act (5 U.S.C. 552a) system of records. Therefore, only the name, species, permit number and state of residence will automatically be included on the list. The complete address will be included only upon authorization from the individual permittees.

If you are **not** a business or organizational entity, and are applying for the CBW registration as an individual, please indicate which of the following you prefer:

_____ **YES**, the Service should include my complete address in its CBW registration list.

If your mailing address is different than the address of your facility, please indicate which address you would like included on the registration list:

_____ Please use my mailing address.

_____ Please use my facility address.

_____ **NO**, the Service should not include my address in its CBW registration list.

For information not included on the list (address), the Service will only release such information as provided in the Privacy Act, or under the Freedom of Information Act upon a determination that the release would be in the public interest.

***PLEASE COMPLETE THIS FORM AND RETURN ALONG WITH YOUR
APPLICATION MATERIALS.***

APPLICATION PROCEDURES -- EXCERPTS FROM 50 CFR 13 -- GENERAL PERMIT PROCEDURES

Subpart A -- Introduction

§ 13.1 General.

Each person intending to engage in an activity for which a permit is required by this subchapter B shall, before commencing such activity, obtain a valid permit authorizing such activity. Each person who desires to obtain the permit privileges authorized by this subchapter must make application for such permit in accordance with the requirements of this part 13 and the other regulations in this subchapter which set forth the additional requirements for the specific permits desired. If the activity for which permission is sought is covered by the requirements of more than one part of this subchapter, the requirements of each part must be met. If the information required for each specific permitted activity is included, one application will be accepted for all permits required, and a single permit will be issued.

§ 13.2 Purpose of regulations.

The regulations contained in this part provide uniform rules, conditions, and procedures for the application for and the issuance, denial, suspension, revocation, and general administration of all permits issued pursuant to this subchapter B.

§ 13.3 Scope of regulations.

The provisions in this part are in addition to, and are not in lieu of, other permit regulations of this subchapter and apply to all permits issued thereunder, including "Import and Marking" (part 14), ~~"Feather Imports"~~ ["Wild Bird Conservation"] (part 15), "Injurious Wildlife" (part 16), "Endangered Wildlife and Plants" (part 17), "Marine Mammals" (part 18), "Migratory Birds" (part 21), "Eagles" (part 22) and "Endangered Species Convention" (part 23). As used in this part 13, the term "permit" shall refer to either a license, permit, or certificate as the context may require.

§ 13.4 Emergency variation from requirements.

The Director may approve variations from the requirements of this part when he finds that an emergency exists and that the proposed variations will not hinder effective administration of this subchapter B, and will not be unlawful.

Subpart B -- Application for Permits

§ 13.11 Application procedures.

The Service may not issue a permit for any activity authorized by this subchapter B unless the applicant has filed an application in accordance with the following procedures. Applicants do not have to submit a separate application for each permit unless otherwise required by this subchapter.

(a) *Forms.* Applications must be submitted in writing on a Federal Fish and Wildlife License/Permit Application (Form 3-200) or as otherwise specifically directed by the Service.

(b) *Forwarding instructions.* Applications for permits in the following categories should be forwarded to the issuing office indicated below.

(1) Migratory bird banding permits (50 CFR 21.22) -- Bird Banding Laboratory, Office of Migratory Bird Management, U.S. Fish and Wildlife Service, Laurel, Maryland 20708. (Special application forms must be used for bird banding permits. They may be obtained by writing to the Bird Banding Laboratory).

(2) Exception to designated port (50 CFR part 14), import/export license (50 CFR 14.93), migratory bird permit, other than banding (50 CFR part 21) and Bald or Golden eagle permits (50 CFR part 22) -- Assistant Regional Director for Law Enforcement of District in which the applicant resides (see 50 CFR 10.22 for addresses and boundaries of the Law Enforcement Districts).

(3) ~~Feather quota~~ [Wild bird conservation] (50 CFR part 15), injurious wildlife (50 CFR part 16), endangered and threatened species (50 CFR part 17), marine mammal (50 CFR part 18) and permits and certificates for the Convention on International Trade in Endangered Species (CITES) (50 CFR part 23) -- U.S. Fish and Wildlife Service, ~~Federal Wildlife Permit Office, P.O. Box 3654~~, [Office of Management Authority, 4401 N. Fairfax Drive, Room 700,] Arlington, Virginia 22203.

(c) *Time notice.* The Service will process all applications as quickly as possible. However, it cannot guarantee final action within the time limits the applicant requests. Applicants for endangered species and marine mammal permits should submit applications to the Office of Management Authority which are postmarked at least 90 calendar days prior to the requested effective date. Applicants for all other permits should submit applications to the issuing office which are postmarked at least 60 days prior to the requested effective date.

(d) *Fees.* (1) Unless otherwise exempted by this paragraph, applicants for issuance or renewal of permits must pay the required permit processing fee at the time of application. Applicants should pay fees by check or money order made payable to "U.S. Fish and Wildlife Service." The Service will not refund any application fee under any circumstances if the

Service has processed the application. However, the Service may return the application fee if the applicant withdraws the application before the Service has significantly processed it.

(2) Except as provided in paragraph (d)(4) of this section, the fee for processing any application is \$25.00. If regulations in this subchapter require more than one type of permit for an activity, and the permits are issued by the same office, the issuing office may issue one consolidated permit authorizing the activity. The issuing office may charge only the highest single fee for the activity permitted.

(3) A fee shall not be charged to any Federal, State or local government agency, nor to any individual or institution under contract to such agency for the proposed activities. The fee may be waived or reduced for public institutions (see 50 CFR 10.12). Proof of such status must accompany the application.

(4) *Nonstandard fees.*

Marine Mammal (Section 18.31)... 100

(e) *Abandoned or incomplete applications.* Upon receipt of an incomplete or improperly executed application, or if the applicant does not submit the proper fees, the issuing office will notify the applicant of the deficiency. If the applicant fails to supply the correct information to complete the application or to pay the required fees within 45 calendar days of the date of notification, the Service will consider the application abandoned. The Service will not refund any fees for an abandoned application.

§ 13.12 General information requirements on applications for permits.

(a) General information required for all applications. All applications must contain the following information:

(1) Applicant's full name, mailing address, telephone number(s), and,

(i) If the applicant is an individual, the date of birth, height, weight, hair color, eye color, sex, and any business or institutional affiliation of the applicant related to the requested permitted activity; or

(ii) If the applicant is a corporation, firm, partnership, association, institution, or public or private agency, the name and address of the president or principal officer and of the registered agent for the service of process;

(2) Location where the requested permitted activity is to occur or be conducted;

(3) Reference to the part(s) and section(s) of this subchapter B as listed in paragraph (b) of this section under which the application is made for a permit or permits, together with any additional justification, including supporting documentation as required by the referenced part(s) and section(s);

(4) If the requested permitted activity involves the import or re-export of wildlife or plants from or to any foreign country, and the country of origin, or the country of export or re-export restricts the taking, possession, transportation, exportation, or sale of wildlife or plants, documentation as indicated in § 14.52(c) of this subchapter B;

(5) Certification in the following language:

I hereby certify that I have read and am familiar with the regulations contained in title 50, part 13, of the Code of Federal Regulations and the other applicable parts in subchapter B of chapter I of title 50, Code of Federal Regulations, and I further certify that the information submitted in this application for a permit is complete and accurate to the best of my knowledge and belief. I understand that any false statement herein may subject me to suspension or revocation of this permit and to the criminal penalties of 18 U.S.C. 1001.

(6) Desired effective date of permit except where issuance date is fixed by the part under which the permit is issued;

(7) Date;

(8) Signature of the applicant; and

(9) Such other information as the Director determines relevant to the processing of the application.

(b) *Additional information required on permit applications.* As stated in paragraph (a)(3) of this section certain additional information is required on all applications. These additional requirements may be found by referring to the section of this subchapter B cited after the type of permit for which application is being made:

<u>Type of permit</u>	<u>Section</u>
Feather import quota [Wild bird conservation]	15.22
Importation or entry ...	15.25
Injurious wildlife	
Importation or shipment ...	16.22
Endangered wildlife and plant permits:	
Similarity of appearance ...	17.52
Scientific, enhancement of propagation or survival, incidental taking for wildlife...	17.22
Scientific, propagation, or survival for plants ...	17.62
Economic hardship for wildlife ...	17.23
Economic hardship for plants ...	17.63
Threatened wildlife and plant permits:	
Similarity of appearance ...	17.52
General for wildlife ...	17.32
American alligator--buyer or tanner...	17.42(a)

General for plants	17.72
Marine mammals permits:	
Scientific research	18.31
Public display	18.31
Endangered Species Convention permits...	23.15

Subpart C -- Permit Administration

§ 13.21 Issuance of permits.

(a) No permit may be issued prior to the receipt of a written application therefor, unless a written variation from the requirements, as authorized by § 13.4, is inserted into the official file of the Bureau. An oral or written representation of an employee or agent of the United States Government, or an action of such employee or agent, shall not be construed as a permit unless it meets the requirements of a permit as defined in 50 CFR 10.12.

(b) Upon receipt of a properly executed application for a permit, the Director shall issue the appropriate permit unless:

(1) The applicant has been assessed a civil penalty or convicted of any criminal provision of any statute or regulation relating to the activity for which the application is filed, if such assessment or conviction evidences a lack of responsibility.

(2) The applicant has failed to disclose material information required, or has made false statements as to any material fact, in connection with his application;

(3) The applicant has failed to demonstrate a valid justification for the permit and a showing of responsibility;

(4) The authorization requested potentially threatens a wildlife or plant population, or

(5) The Director finds through further inquiry or investigation, or otherwise, that the applicant is not qualified.

(c) *Disqualifying factors.* Any one of the following will disqualify a person from receiving permits issued under this Part.

(1) A conviction, or entry of a plea of guilty or nolo contendere, for a felony violation of the Lacey Act, the Migratory Bird Treaty Act, or the Bald and Golden Eagle Protection Act disqualifies any such person from receiving or exercising the privileges of a permit, unless such disqualification has been expressly waived by the Director in response to a written petition.

(2) The revocation of a permit for reasons found in §13.28 (a)(1) or (a)(2) disqualifies any such person from receiving or exercising the privileges of a similar permit for a period of five years from the date of the final agency decision on such revocation.

(3) The failure to pay any required fees or assessed costs and penalties, whether or not reduced to judgement disqualifies such person from receiving or exercising the privileges of a permit as long as such moneys are owed to the United States. This requirement shall not apply to any civil penalty presently subject to administrative or judicial appeal; provided that the pendency of a collection action brought by the United States or its assignees shall not constitute an appeal within the meaning of this subsection.

(4) The failure to submit timely, accurate, or valid reports as required may disqualify such person from receiving or exercising the privileges of a permit as long as the deficiency exists.

(d) *Use of supplemental information.* The issuing officer, in making a determination under this subsection, may use any information available that is relevant to the issue. This may include any prior conviction, or entry of a plea of guilty or nolo contendere, or assessment of civil or criminal penalty for a violation of any Federal or State law or regulation governing the permitted activity. It may also include any prior permit revocations or suspensions, or any reports of State or local officials. The issuing officer shall consider all relevant facts or information available, and may make independent inquiry or investigation to verify information or substantiate qualifications asserted by the applicant.

(e) *Conditions of issuance and acceptance.* (1) Any permit automatically incorporates within its terms the conditions and requirements of Subpart D of this part and of any part(s) or section(s) specifically authorizing or governing the activity for which the permit is issued.

(2) Any person accepting and holding a permit under this Subchapter B acknowledges the necessity for close regulation and monitoring of the permitted activity by the Government. By accepting such permit, the permittee consents to and shall allow entry by agents or employees of the Service upon premises where the permitted activity is conducted at any reasonable hour. Service agents or employees may enter such premises to inspect the location; any books, records, or permits required to be kept by this Subchapter B; and any wildlife or plants kept under authority of the permit.

(f) *Term of permit.* Unless otherwise modified, a permit is valid during the period specified on the face of the permit. Such period shall include the effective date and the date of expiration.

(g) *Denial.* The issuing officer may deny a permit to any applicant who fails to meet the issuance criteria set forth in this section or in the part(s) or section(s) specifically governing the activity for which the permit is requested.

§ 13.22 Renewal of permits.

(a) *Application for renewal.* Applicants for renewal of a permit must submit a written application at least 30 days prior to the expiration date of the permit. Applicants must certify in the form required by § 13.12(a)(5) that all statements and

information in the original application remain current and correct, unless previously changed or corrected. If such information is no longer current or correct, the applicant must provide corrected information.

(b) *Renewal criteria.* The Service shall issue a renewal of a permit if the applicant meets the criteria for issuance in § 13.21(b) and is not disqualified under § 13.21(c).

(c) *Continuation of permitted activity.* Any person holding a valid, renewable permit, who has complied with this section, may continue the activities authorized by the expired permit until the Service has acted on such person's application for renewal.

(d) *Denial.* The issuing officer may deny renewal of a permit to any applicant who fails to meet the issuance criteria set forth in § 13.21 of this part, or in the part(s) or section(s) specifically governing the activity for which the renewal is requested.

§ 13.23 Amendment of permits.

(a) *Permittee's request.* Where circumstances have changed so that a permittee desires to have any condition of his permit modified, such permittee must submit a full written justification and supporting information in conformity with this part and the part under which the permit was issued.

(b) *Service reservation.* The Service reserves the right to amend any permit for just cause at any time during its term, upon written finding of necessity.

(c) *Change of name or address.* A permittee is not required to obtain a new permit if there is a change in the legal individual or business name, or in the mailing address of the permittee. A permittee is required to notify the issuing office within 10 calendar days of such change. This provision does not authorize any change in location of the conduct of the permitted activity when approval of the location is a qualifying condition of the permit.

§ 13.24 Right of succession by certain persons.

(b) In order to secure the right provided in this section the person or persons desiring to continue the activity shall furnish the permit to the issuing officer for endorsement within 90 days from the date the successor begins to carry on the activity.

(CFR 10/1/97)

**CAPTIVE-BRED WILDLIFE REGULATIONS -- EXCERPTS FROM
50 CFR 17 -- ENDANGERED AND THREATENED WILDLIFE AND PLANTS**

Subpart A -- Introduction and General Provisions

§ 17.1 Purpose of regulations.

(a) The regulations in this part implement the Endangered Species Act of 1973, 87 Stat. 884, 16 U.S.C. 1531-1543, except for those provisions in the Act concerning the Convention on International Trade in Endangered Species of Wild Fauna and Flora, for which regulations are provided in part 23 of this subchapter.

(b) The regulations identify those species of wildlife and plants determined by the Director to be endangered or threatened with extinction under section 4(a) of the Act and also carry over the species and subspecies of wildlife designated as endangered under the Endangered Species Conservation Act of 1969 (83 Stat. 275, 16 U.S.C. 668cc-1 to 6) which are deemed endangered species under section 4(c)(3) of the Act.

§ 17.2 Scope of regulations.

(a) The regulations of this part apply only to endangered and threatened wildlife and plants.

(b) By agreement between the Service and the National Marine Fisheries Service, the jurisdiction of the Department of Commerce has been specifically defined to include certain species, while jurisdiction is shared in regard to certain other species. Such species are footnoted in subpart B of this part, and reference is given to special rules of the National Marine Fisheries Service for those species.

(c) The provisions in this part are in addition to, and are not in lieu of, other regulations of this subchapter B which may require a permit or prescribe additional restrictions or conditions for the importation, exportation, and interstate transportation of wildlife.

(d) The examples used in this part are provided solely for the convenience of the public, and to explain the intent and meaning of the regulation to which they refer. They have no legal significance.

(e) Certain of the wildlife and plants listed in §§ 17.11 and 17.12 as endangered or threatened are included in Appendix I, II or III to the Convention on International Trade in Endangered Species of Wild Fauna and Flora. The importation, exportation and reexportation of such species are subject to additional regulations provided in part 23 of this subchapter.

§ 17.3 Definitions.

In addition to the definitions contained in part 10 of this subchapter, and unless the context otherwise requires, in this part 17:

Act means the Endangered Species Act of 1973 (16 U.S.C. 1531-1543; 87 Stat. 884);

Bred in captivity or captive-bred refers to wildlife, including eggs, born or otherwise produced in captivity from parents that mated or otherwise transferred gametes in captivity, if reproduction is sexual, or from parents that were in captivity when development of the progeny began, if development is asexual.

Captivity means that living wildlife is held in a controlled environment that is intensively manipulated by man for the purpose of producing wildlife of the selected species, and that has boundaries designed to prevent animal, eggs or gametes of the selected species from entering or leaving the controlled environment. General characteristics of captivity may include but are not limited to artificial housing, waste removal, health care, protection from predators, and artificially supplied food.

Convention means the Convention on International Trade in Endangered Species of Wild Fauna and Flora, TIAS 8249.

Enhance the propagation or survival, when used in reference to wildlife in captivity, includes but is not limited to the following activities when it can be shown that such activities would not be detrimental to the survival of wild or captive populations of the affected species:

(a) Provision of health care, management of populations by culling, contraception, euthanasia, grouping or handling of wildlife to control survivorship and reproduction, and similar normal practices of animal husbandry needed to maintain captive populations that are self-sustaining and that possess as much genetic vitality as possible;

(b) Accumulation and holding of living wildlife that is not immediately needed or suitable for propagative or scientific purposes, and the transfer of such wildlife between persons in order to relieve crowding or other problems hindering the propagation or survival of the captive population at the location from which the wildlife would be removed; and

(c) Exhibition of living wildlife in a manner designed to educate the public about the ecological role and conservation needs of the affected species.

Endangered means a species of wildlife listed in

§ 17.11 or a species of plant listed in § 17.12 and designated as endangered.

Harass in the definition of "take" in the Act means an intentional or negligent act or omission which creates the likelihood of injury to wildlife by annoying it to such an extent as to significantly disrupt normal behavioral patterns which include, but are not limited to, breeding, feeding or sheltering.

Harm in the definition of "take" in the Act means an act which actually kills or injures wildlife. Such act may include significant habitat modification or degradation where it actually kills or injures wildlife by significantly impairing essential behavioral patterns, including breeding, feeding or sheltering.

Incidental taking means any taking otherwise prohibited, if such taking is incidental to, and not the purpose of, the carrying out of an otherwise lawful activity.

Industry or trade in the definition of "commercial activity" in the Act means the actual or intended transfer of wildlife or plants from one person to another person in the pursuit of gain or profit.

Population means a group of fish or wildlife in the same taxon below the subspecific level, in common spatial arrangement that interbreed when mature.

Specimen means any animal or plant, or any part, product, egg, seed or root of any animal or plant.

Threatened means a species of wildlife listed in § 17.11 or plant listed in § 17.12 and designated as threatened.

Subpart C -- Endangered Wildlife

§ 17.21 Prohibitions.

(a) Except as provided in Subpart A of this part, or under permits issued pursuant to § 17.22 or § 17.23, it is unlawful for any person subject to the jurisdiction of the United States to commit, to attempt to commit, to solicit another to commit or to cause to be committed, any of the acts described in paragraphs (b) through (f) of this section in regard to any endangered wildlife.

(b) *Import or export.* It is unlawful to import or to export any endangered wildlife. Any shipment in transit through the United States is an importation and an exportation, whether or not it has entered the country for customs purposes.

(c) *Take.* (1) It is unlawful to take endangered wildlife within the United States, within the territorial sea of the United States, or upon the high seas. The high seas shall be all waters seaward of the territorial sea of the United States, except waters officially recognized by the United States as the territorial sea of another country, under international law.

(2) Notwithstanding paragraph (c)(1) of this section, any person may take endangered wildlife in defense of his own life or the lives of others.

(4) Any taking pursuant to paragraphs (c) (2) and (3) of this section must be reported in writing to the U.S. Fish and Wildlife Service, Division of Law Enforcement, P.O. Box 19183, Washington, DC 20036, within 5 days. The specimen may only be retained, disposed of, or salvaged in accordance with directions from Service.

(d) *Possession and other acts with unlawfully taken wildlife.* (1) It is unlawful to possess, sell, deliver, carry, transport, or ship, by any means whatsoever, any endangered wildlife which was taken in violation of paragraph (c) of this section.

Example. A person captures a whooping crane in Texas and gives it to a second person, who puts it in a closed van and drives thirty miles, to another location in Texas. The second person then gives the whooping crane to a 3rd person, who is apprehended with the bird in his possession. All three have violated the law -- the first by illegally taking the whooping crane; the second by transporting an illegally taken whooping crane; and the third by possessing an illegally taken whooping crane.

(2) Notwithstanding paragraph (d)(1) of this section, Federal and State law enforcement officers may possess, deliver, carry, transport or ship any endangered wildlife taken in violation of the Act as necessary in performing their official duties.

(e) *Interstate or foreign commerce.* It is unlawful to deliver, receive, carry transport, or ship in interstate or foreign commerce, by any means whatsoever, and in the course of a commercial activity, any endangered wildlife.

(f) *Sale or offer for sale.* (1) It is unlawful to sell or to offer for sale in interstate or foreign commerce any endangered wildlife.

(2) An advertisement for the sale of endangered wildlife which carries a warning to the effect that no sale may be consummated until a permit has been obtained from the U.S. Fish and Wildlife Service shall not be considered an offer for sale within the meaning of this section.

(g) *Captive-bred wildlife.* (1) Notwithstanding paragraphs (b), (c), (e) and (f) of this section, any person may take; import or export; deliver, receive, carry, transport or ship in interstate or foreign commerce, in the course of a commercial activity; or sell or offer for sale in interstate or foreign commerce any endangered wildlife that is bred in captivity in the United States, provided the principal purpose of these activities is to facilitate captive breeding, and provided the following conditions are met:

(i) The wildlife is a species having a natural geographic distribution not including any part of the United States, or the wildlife is a species that the Director has determined to be eligible in accordance with paragraph (g)(5) of this section;

(ii) The purpose of such activity is to enhance the propagation or survival of the affected species;

(iii) Such activity does not involve interstate or foreign commerce, in the course of a commercial activity, with respect to non-living wildlife;

(iv) Each specimen of wildlife to be imported is uniquely identified by a band, tattoo or other means that was reported in writing to an official of the Service at a port of export prior to export from the United States, and

(v) Any person subject to the jurisdiction of the United States who engages in any of the activities authorized by this paragraph does so in accordance with paragraphs (g) (2), (3) and (4) of this section.

(2) Any person subject to the jurisdiction of the United States seeking to engage in any of the activities authorized by this paragraph must first register with the Service (~~Federal Wildlife Permit Office, U.S. Fish and Wildlife Service, Washington, DC 20240~~) [U.S. Fish and Wildlife Service, Office of Management Authority, 4401 North Fairfax Drive, Room 700, Arlington, Virginia 22203]. Requests for registration must be submitted on an official application form (Form 3-200) provided by the Service, and must include the following information:

(i) The types of wildlife sought to be covered by the registration, identified by common and scientific name to the taxonomic level of family, genus or species;

(ii) A description of the applicant's experience in maintaining and propagating the types of wildlife sought to be covered by the registration, or in conducting research directly related to maintaining and propagating such wildlife;

(iii) A description, if appropriate, of the means by which the applicant intends to educate the public about the ecological role and conservation needs of the affected species;

(iv) Photograph(s) or other evidence clearly depicting the facilities where such wildlife will be maintained; and

(v) A copy of the applicant's license or registration, if any, under the animal welfare regulations of the U.S. Department of Agriculture (9 CFR part 2).

(3) Upon receiving a complete application, the Director will decide whether or not the registration will be approved. In making his decision, the Director will consider, in addition to the general criteria in § 13.2(b) of this subchapter, whether the expertise, facilities or other resources available to the applicant appear adequate to enhance the propagation or survival of the affected wildlife. Each person so registered must maintain accurate written records of activities conducted under the registration and must submit to the Director a written annual report of such activities.

(4) Any person subject to the jurisdiction of the United States seeking to export or conduct foreign commerce in captive-bred endangered wildlife which will not remain under the care of that person must first obtain approval by providing written evidence to satisfy the Director that the proposed recipient of the wildlife has expertise, facilities or other resources adequate to enhance the propagation or survival of such wildlife and that the proposed recipient will use such wildlife for purposes of enhancing the propagation or survival of the affected species.

(5)(i) The Director shall use the following criteria to determine if wildlife of any species having a natural geographic distribution that includes any part of the United States is eligible for the provisions of this paragraph:

(A) Whether there is a low demand for taking of the species from wild populations, either because of the success of captive breeding or because of other reasons, and

(B) Whether the wild populations of the species are effectively protected from unauthorized taking as a result of the inaccessibility of their habitat to man or as a result of the effectiveness of law enforcement.

(ii) The Director shall follow the procedures set forth in section 4(b) and section 4(f)(2)(A) of the Act and in the regulations promulgated thereunder with respect to petitions and notification of the public and governors of affected States when determining the eligibility of species for purposes of this paragraph.

(iii) In accordance with the criteria in paragraph (g)(5)(i) of this section, the Director has determined the following species to be eligible for the provisions of this paragraph:

Laysan teal (*Anas laysanensis*).

Subpart D -- Threatened Wildlife

§ 17.31 Prohibitions.

(a) Except as provided in subpart A of this part, or in a permit issued under this subpart, all of the provisions in § 17.21 shall apply to threatened wildlife, except § 17.21(c)(5).
